

Wet Cupping Course

TRAINING FOR
PHYSIOTHERAPISTS
SINCE 2006

Location: Cairo - Egypt

Date: 2-3 February 2023

Time: From 9 am to 2 pm

Tutor:

Dr. Tarek Shebl

Dr Tarek is a physiotherapist and clinical educator who has been a professional wet cupping specialist for over 19 years. His experience involves everything from patient assessment, consultations, treatment and rehabilitation of a wide range of patients with musculoskeletal conditions, and of course using Wet cupping as part of the treatment tools offered in his treatments.

Course Objectives:

- Learn about Types, effects and why to use wet cupping as part of the treatment session
- Decide when to use wet cupping as a therapy based on indications & contra-indications
- Practice the safe use of wet cupping
- Learn how to use wet cupping for a wide variety of musculoskeletal and neurological cases.
